

ADMC-2 Consolidated Buy 14 (CB14) Offerings Contract # W91QUZ-06-D-0007

The ADMC-2 contracts are the Army's primary source for commercial desktops, notebooks, semi-rugged and ruggedized devices, printers and associated peripherals. All desktop and notebook computers purchased for the Army will be delivered with a CAC reader and be compliant with the latest NETCOM technical requirements to include the latest version of the Army Golden Master (now available 64-bit AGM load). Services installation, IT assessment, system configuration, asset tagging, image blasting, and custom imaging to support the equipment is also available.
