- FIN and Technology

We can help you deploy an HCM application that delivers a whole range of efficiencies that enables HR to shift from processing transactions to providing strategic value to the business.

- Core HCM - Human Resources, Benefits, Payroll, Payroll Interface
- Workforce Management - Absence Management, Time and Labor, Workforce Scheduling
- Self Service - Profile, Benefits, Pay, Development
- Talent Management - Recruiting, Compensation, Performance, Learning Management
- HR Analytics - Human Resource Business Intelligence

SERVICE OFFERINGS

With application experts focused in Human Capital Management Solutions, our consultants provide the necessary coaching to design, develop and deploy your applications in accordance with best practices.

Upgrades and Implementations

We continue to lead the curve with each new release by gaining early experience with new features and functionality. We implement complete application suites and modules.

Software Selections

We leverage our deep industry business process knowledge to help you select the application to best fit your business needs.

ROI Studies

Our ROI model helps you to justify the investment in HR software with tangible and intangible savings.

Specialized Year-End Processing

We have proven Year-End Checklists and User Guides to assist in planning and executing your year-end payroll processes. We help your organization through the time consuming administration to manage open enrollment by automating this process. This enables your benefits team to concentrate on strategic activities.

Change Management

“ [Emtec] assisted us in upgrading Peoplesoft Financials and HCM... Their expertise of the entire Peoplesoft product and the project leadership they displayed helped move the project along in a timely and cost effective manner allowing us to begin the final data conversion and system integration testing one day earlier than scheduled. ”

Patrick Forck
Controller, Meskwaki Bingo Casino

We help remove the uncertainty of a new system and/or processes and help your employees achieve a level of comfort with the new tools so that they can realize the full benefits.

Training Development

We design an educational program for your organization to help you maximize your technology investment.

Project Management

We govern your project with proven methodologies to complete it on time and within budget. We provide recommendations to increase your efficiency, monitor costs, assess performance, and identify potential problems or impacts.

Managed Service Agreements

We provide service plans to pro-actively manage Tax Updates, Fixes, Maintenance Packs, Bundles and Service Packs.
